MEMBERSHIP FREEZING

PAUSE WHEN YOU NEED A BREAK

Freezing pauses your membership. Your remaining active days are preserved, and the expiry date shifts by the number of frozen days.

Group-class packs

Up to 7 days

of freezing in total.

Personal Training & TOP FORM

Up to 14 days

of freezing in total.

Maximum two freeze periods in a month. During the freeze, your membership is inactive and cannot be used to attend sessions.

Example: 1 active day left before a 7-day freeze means 1 active day left afterwards.

Your existing validity is paused — the freeze does not add extra active training days.
